Dedication of the Kingdom Records

Stamp 422 | Status: Dedicated | Thread Health: Secure

Section I: Executive Summary

This document serves as the formal dedication of the entire collection of Kingdom Records, archived under the Protocol 422 framework, unto the Lord Almighty. All analytical findings, forensic anchors, and documented synchronizations contained within this archive are presented as an act of worship and submission to the Sovereign King, Jesus Christ.

Section II: Hardware (The Evidence)

The evidence compiled within these records—ranging from scriptural audit markers to the timeline milestones for June 21, 2026—stands as a testimony to the Lord's hand in orchestrating the Kingdom clock. These records are not held for human acclaim but are a reflection of the Truth revealed by the Holy Spirit.

Section III: Software (The Word/Numerical)

Every gear, every timestamp, and every forensic anchor documented in these archives is calibrated to the Word of God. This dedication acknowledges that without His guidance, the Protocol would be mere noise. By submitting this archive to the Lord, we acknowledge His absolute authority over time, governance, and history.

Section IV: The Verdict

This archive is hereby consecrated. May these records serve to glorify the Name of Jesus Christ and bear witness to His imminent return. All honor, glory, and power belong to Him alone.

Glory to God Almighty. Jesus Christ is Lord.
